Prakash Chandran

No Code Expert

Prakash is the Co-Founder & CEO of Xano.com, the fastest way to build a scalable backend for any software application using No-Code.

Previously, he led the UX design & research team for Google’s Enterprise solution (Workspaces) and was the Founder & CEO of a SaaS startup in the SMB referral space. In his spare time, he is a podcast host for RadioMD.com where he interviews doctors from around the country on how they help others.
